Education

Bachelor of Technology in Information Technology Expected 2027
Dharmsinh Desai University, Nadiad, Gujarat
CPI: 8.35

Higher Secondary Certificate 2022 – 2023
Shree Satya Sai Vidyalaya, Jamnagar, Gujarat

Secondary School Certificate 2020 – 2021
Shree Satya Sai Vidyalaya, Jamnagar, Gujarat

Projects

Smart Agricultural Rover for Precision Pesticide Spraying *Python, YOLO, Raspberry Pi* | Demo

- Developed an intelligent agricultural rover using YOLO-based leaf disease detection, achieving 85% accuracy.
- Built a real-time image processing pipeline on Raspberry Pi capable of handling 10+ FPS for field deployment.
- Designed and implemented a servo-controlled precision spraying mechanism, reducing pesticide usage.

Car Service Tracker *React, Spring Boot, MySQL, Docker*

- Developed a full-stack application to manage vehicle service and maintenance records.
- Built REST APIs using Spring Boot and integrated Server-Sent Events (SSE) to deliver real-time service updates without requiring page refreshes.
- Containerized the application using Docker and deployed it on AWS.

Skills

Programming Languages: Python, Java, JavaScript, C/C++

Cloud: AWS, Docker

Frontend: HTML, CSS, React.js

Backend: Spring Boot, Spring Security, Node.js, Express.js

Databases: PostgreSQL, MySQL, MongoDB

ORM: Hibernate

Achievements

- **AWS Academy Cloud Foundations Badge**
- **Winner, Eureka 4.0 Project Competition:** Developed *AgriMitra*, an agricultural rover using Raspberry Pi for real-time crop disease detection using a machine learning model and precision spraying.
